The author, who goes by the name of Mr. Smith, takes readers on a harrowing journey through the garbage dumps, sweatshops, and Vodou temples of Haiti. He introduces us to the people who live and work in these places, and he shows us the challenges they face on a daily basis.

We meet children who scavenge for food in the garbage dumps, women who work in sweatshops for a pittance, and men who turn to Vodou for solace and protection. Mr. Smith also takes us inside the homes of these people, and he shows us how they struggle to survive in a world that seems determined to crush them.

This book is a powerful indictment of the global economic system that has created such poverty. It is also a testament to the resilience of the human spirit. The people of Haiti have endured centuries of oppression and exploitation, but they have never given up hope. They continue to fight for a better life, and their stories are an inspiration to us all.
