In April 1942, the Japanese launched a surprise attack on the Philippines, an American colony located in Southeast Asia. Within ten weeks, the Japanese had overrun the Philippines, capturing the capital city of Manila and forcing the American and Filipino forces to retreat to the island of Corregidor.

The Japanese occupation of the Philippines was a brutal and bloody affair. The Japanese committed numerous war crimes, including the Bataan Death March, in which thousands of American and Filipino prisoners of war were forced to march over 60 miles without food or water.

Ten Weeks of Terror is a harrowing account of the Japanese invasion of the Philippines. Drawing on interviews with survivors, declassified military documents, and personal letters, this book provides a vivid and harrowing portrayal of the ten-week period that saw the Japanese overrun the Philippines, leaving behind a trail of death and destruction.

This book is an important contribution to the historical record of World War II. It provides a detailed and unflinching account of the Japanese invasion of the Philippines, and it sheds light on the horrors of war.
