**On April 19, 1775, the first shots of the American Revolution were fired at Lexington and Concord. This book tells the story of that day, from the perspectives of the people who were there.**

The book is based on extensive research, including eyewitness accounts, letters, and diaries. The author has pieced together a detailed and

compelling narrative of the events of that day.

The book begins with the British decision to march to Concord to seize colonial military supplies. The author then follows the British soldiers as they march from Boston to Lexington, where they encounter a group of minutemen. The battle that ensues is the first armed conflict of the American Revolution.

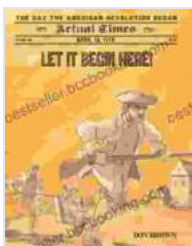

The author then follows the British soldiers as they continue their march to Concord. Along the way, they are harassed by colonial militia. The British eventually reach Concord, but they are forced to retreat after they are unable to find the military supplies they were seeking.

The book concludes with the British retreat back to Boston. The author describes the chaos and confusion of the retreat, as the British soldiers are pursued by colonial militia. The book ends with the British soldiers finally reaching Boston, where they are met by reinforcements.

The Day The American Revolution Began is a fascinating and informative account of the events of April 19, 1775. The book is a must-read for anyone interested in American history.
